Help the fox to create a strong password!

Foxy wants to create a new password to protect his computer. He realised that his old password fox2012 is weak because it is the combination of his name and year of birth.
Remember, a strong password has capital and lowercase letters, numbers and symbols.

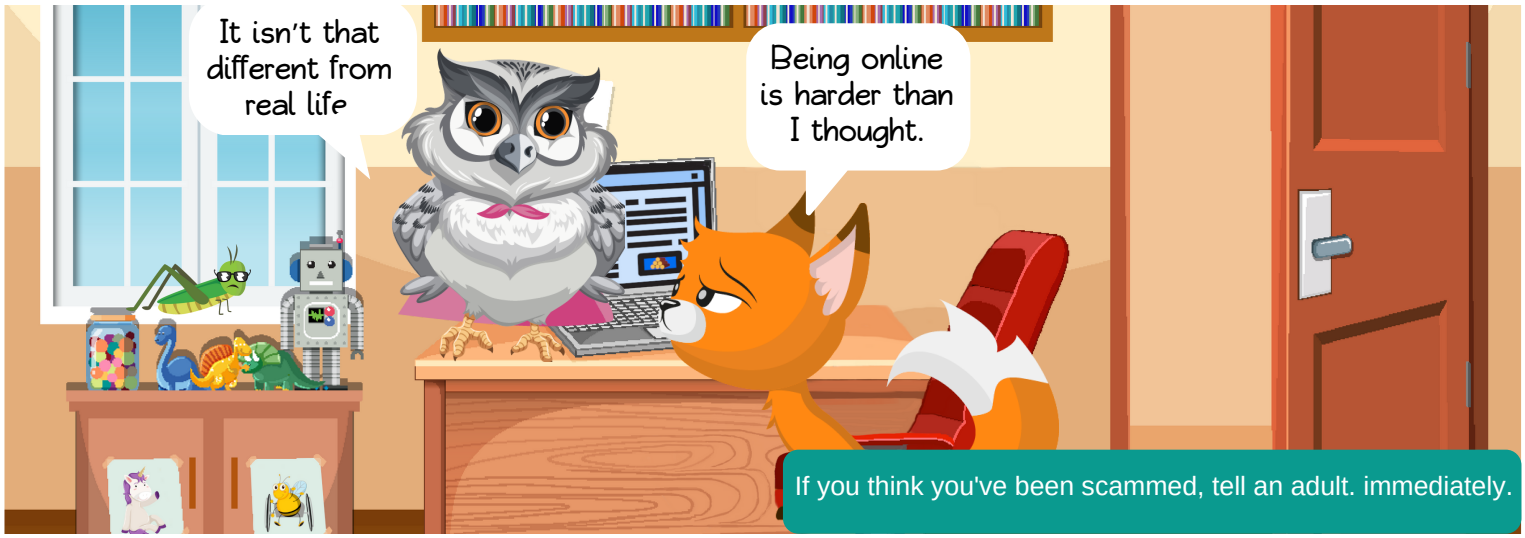
Use a different password for each of your important accounts!

We must be careful, there are many types of frauds. There are phishing, email scams identity thefts....
So many...
Phishing emails steal your bank details. Identity scammers use your personal information to spend your money.

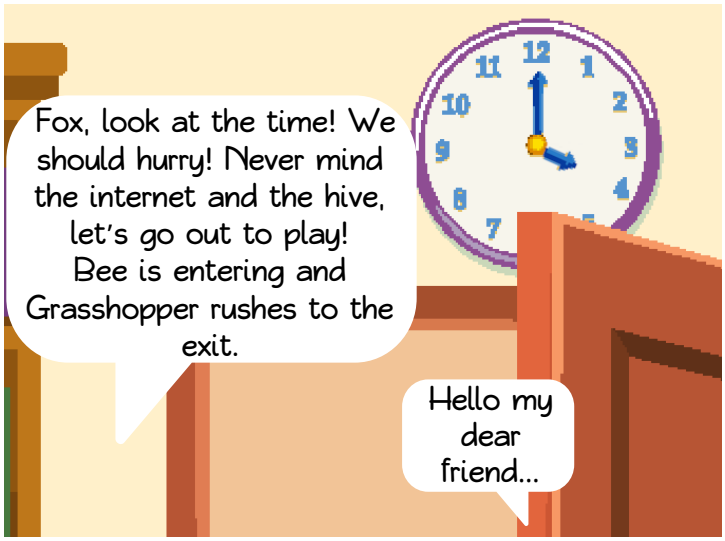
...lottery frauds, social media frauds..
Oh dear, so many!!!
Be careful with social media frauds as well as cyberbullying. Ask your parents, “Do you know anyone who’s been scammed?”

Is this a bad idea, Owl? Shall we forget our beehive until we leave school and earn wages or start our own business.
Take it easy, Grasshopper. There are ways to protect yourself.

You can shop on secure websites but keep passwords safe, don’t click on images in adverts, don’t shop using public wifi.



It isn’t that different from real life
Being online is harder than I thought.
If you think you've been scammed, tell an adult. immediately.



Fox, look at the time! We should hurry! Never mind the internet and the hive, let’s go out to play! Bee is entering and Grasshopper rushes to the exit.
Hello my dear friend...

What do your parents do to protect themselves online? Maybe you could talk about this with them.
Is it me or is this happening a lot?
