

IO3 – Module 1 Tips Sheet

Financial Vocabulary

THE IMPORTANCE OF THE FINANCIAL LITERACY

It is really important to learn the main terms and keep up to date on new words related to the financial world, so that you can become more familiar with this world and manage your money with greater serenity.

Let's find out how to memorise the most important financial words:

1

Use a notebook to write down the most important financial words and their meanings, to update with new words and check in case of doubts.

2

Try to pay attention when you hear people (even on television) talking about money or basic financial topics, to try to put your knowledge on this topic into practice.

3

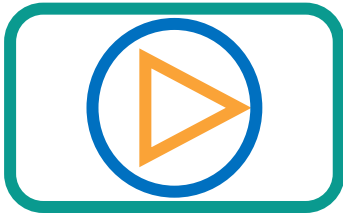

During your free time, try to discover new words and meanings related to money using the Internet or some apps.

4

Use the Money Matters app and the rest of the Money Matters tools to practice your financial vocabulary knowledge and skills.

Addressing the Topic

There are lots of additional resources to help you:
